

# Be Kinder to the Outdoors During Your Next Gathering. . . Buy Biobased Products for Your Picnic or BBQ!

### Fire Up the Grill

Before guests arrive, get your grill ready. There are 9 Oven and Grill Cleaners in the BioPreferred® Program Catalog, made with 66%-100% biobased content and such raw materials as corn, soy, sugarcane, orange oil, olive oil, aloe and castor.

### Grab a Cold Beverage

Our first-ever cooler listed in the Catalog is the LifeMade™ Fiber Cooler, certified at 100% biobased content. It's a sustainable alternative to traditional Styrofoam and is made from recycled paper and other biobased materials.

### Keep it Safe and Sanitary

When it's time to clean up, choose from 146 different Hand Cleaners and Sanitizers made from corn, animal fat or tallow, soy, palm, aloe, canola oil, rapeseed, sugarcane, and sugar beets.

### Store Your Leftovers, Pitch (or Compost) Your Trash

Search for USDA Certified Biobased Resealable Bags for all your yummy leftovers, as well as Kitchen Trash Bags and Liners and Compostable Bags.

### Come and Get it!

With 354 Disposable Tableware products, you'll find plenty of options to serve guests, including drink cups and lids, straws, plates, bowls, platters, lids and containers. We have products made from agave, algae, barley, cypress grass, flax, hemp, miscanthus, potato, reed, rye, sorghum, sugarcane, sugar beets, switchgrass, wheat and yucca.

There are also 82 Disposable Cutlery products to pair with your plates, trays, and bowls. Here too, innovators manufacture products from corn, potato, avocado, sugarcane, palm, hemp, flax, and sugar beets.

### Keep the Bugs Away

We have 5 Certified Pest Control-Insect-Personal products designed to keep the bugs away. Each made with between 50%-100% biobased content, using such renewable materials as palm, soy, forestry/wood, sugarcane, corn, and plant-derived oils, such as cedarwood, citronella, peppermint, lemongrass, geranium, andiroba, and eucalyptus.

### Biking to the Backyard?

If you're a guest biking to a picnic or BBQ, get there safely by caring for your bike with one of 18 USDA Certified Biobased bike lubricants, all made with 72%-100% biobased ingredients.
